

1J 2011

1J have had a very exciting and eventful start to the year. They have done TONNES of writing, reading and maths, presented at assembly (which was fantastic), performed an item, completed a story in a box and most importantly have had loads of FUN.

Here is a snapshot of what's been happening in 1J so far.

We made posters for a maths wall. We worked in small groups together to create resources for our room.

We created posters representing our cultural background using computer technology for our 'Story in a box'.

We worked in the writing corner during writing groups. We used different writing tools to write letters, names, sentences and more.

This is us on Harmony Day. As you can see we are very orange. We had such a great day with our buddy class 5/6B, our friends and family.

Some of the AWESOME stories of 1J

And the FUN

We love dress-ups in our class. Take a pose Miss Nadia Arundale.

Mobilo is a favourite of 1J boys.
We love to build things.

This is our writing corner. This area is one of the most favoured areas in our class. We love to write letters during our free time. As you can see we also love getting our photo taken.

Miss Jurd's car set is another popular choice. We love playing with the race track.
