

# !Belonging, Being, Bilbies 2011! Beccommi!

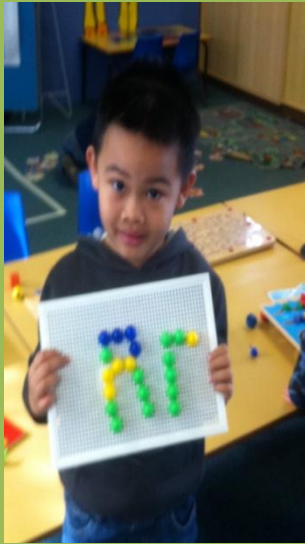

Tell me and I'll forget;

Show me and I may remember;

Involve me and I'll understand!

Chinese proverb

The Bilbies are Safe, Respectful, Learners!  
We are all different, but we all belong to our school  
community! We recognise that we all learn differently  
and we all express this in many different ways. We are  
able to do many things and we learn through the  
exploration of play!

We take on roles of literacy and numeracy users in our play.

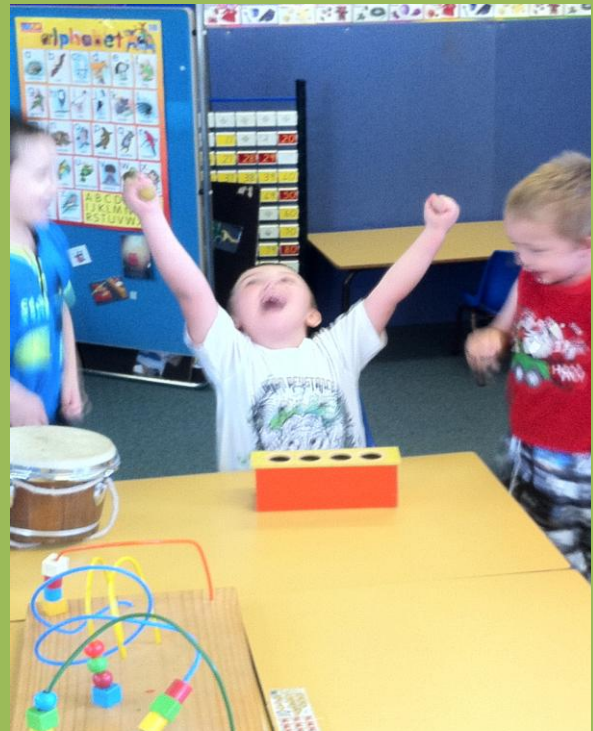

We are learning to co-operate and work collaboratively with others.

We show an awareness and growing independence of daily routines and personal care skills.

We use play to investigate, imagine and explore ideas.

We use information and communication technologies to investigate.

Most importantly, we celebrate our learning and our success with our peers!
