

2L's Spotlight on Learning

Here are Kiara and Tyrese learning how to care for our class plants.

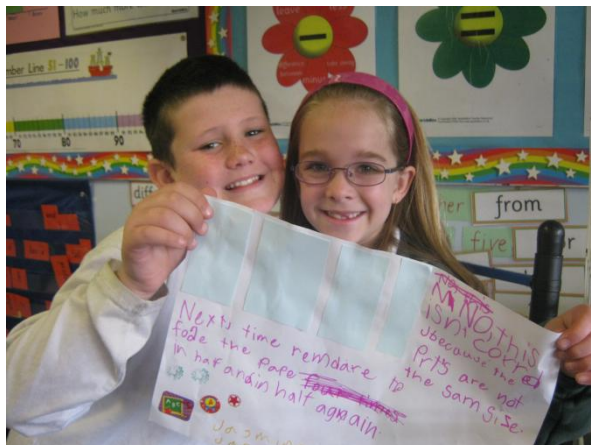

Here is Violet learning to write predictions.

Here are Kaleb and Hayden learning to write neat sentences in the writing corner.

Here is Kayne learning to use the CD player to listen to stories.

Here are Jason and Jasmine learning to explain why their 2D shape was not cut into quarters.

Here are students from 2L learning how to; catch land and water bugs, use a magnifying glass and a microscope to look closely at bugs and how to care for the environment at

Longneck Lagoon!!

Look what Violet found at Longneck Lagoon!
